## Le città

Verranno costruite città simili a quelle aliene.  
Se ne costruiranno anche galleggianti e volanti.

## Le case

Le case avranno forma bizzarra e saranno abbinata al territorio.

## Le automobili

Le automobili avranno una struttura aerodinamica: alcune saranno a tartaruga, altre avranno la struttura a guscio, altre ancora avranno forme bizzarre e , forse, ci saranno anche quelle volanti.

## Le moto

Le moto avranno una struttura aerodinamica e più leggera. Avranno colori vivaci, persino sulle ruote

## Le navi

Le navi saranno più veloci, lussuose e tecnologiche, mentre i velieri avranno le vele solari e gli alberi di acciaio.
